

FAZOR 1000 Plus

REALISTIC COLOUR PERCEPTION

A specially developed UV/IR filter allows for realistic colour perception and brings colour into the world of the welder.

EXCELLENT ENERGY MANAGEMENT

In absolute darkness, the helmet switches to standby mode (sleep mode), therefore saving energy and increasing the service life of the battery.

SIMPLE OPERATION

The level of protection can be set directly on the outside of the helmet. It can also be operated when wearing gloves.

PROVEN COMFORT

The headband boasts high stability and a long service life. The proximity of the helmet shell and the fit can be adjusted with minimal effort.

TECHNICAL DATA

Classification	1/1/1/2
Manual protection level selection	9-13
Level of protection in open mode	4
Weight	495 g
True-colour filter	✓
Continuous opening delay regulator	0,05 s – 1,0 s
